

Joe Clausung has eight years of experience in the HVAC industry. His background includes design and sales of custom HVAC equipment, energy efficiency consulting, and HVAC design-build projects. Prior to joining Mechanical Products Nevada, he worked for WSP Flack+Kurtz, an international MEP consulting firm, as well as one of the largest mechanical contractors in southern Nevada.

Joe has lived in Las Vegas for over six years and has a B.S. in Mechanical Engineering from The University of Kansas. Joe also serves on the Board of Governors for ASHRAE.
